

Adobe RoboHelp 11 - Release Notes

December 2013

Release Notes

System requirements

For the latest system requirements, refer to http://www.adobe.com/go/robohelp_systemregs.

Installation instructions

For detailed instructions on installation, visit the installation page:

http://www.adobe.com/go/learn_rh_install_instruct_en.

Trial software

RoboHelp 11 trials are "try and buy", allowing you to evaluate individual products or editions and then convert the installed trial to a full version. You can convert from a trial to a full version at any time by either purchasing a copy of the product or signing up for a subscription. If you purchase a copy, enter its serial number in the product screen where prompted.

License agreement

You must accept the license agreement and warranty terms to use this product. Visit www.adobe.com/go/eulas for details. This product will not function without mandatory activation and registration via the Internet. Phone activation is not available. See www.adobe.com/go/activation for details.

Adobe's single user license allows installation of a single product license on two machines (such as one work machine and one home machine) provided the software is used by the same individual and not concurrently on both machines.

Note: If you want to install the product on a third computer, you must first deactivate the software on one computer. To deactivate, choose Help > Deactivate / Sign Out.

Known issues

Refer to the known issues document (http://www.adobe.com/go/rh_known_issues_en) for late-breaking information and known issues for RoboHelp 11.

Online resources

For general Adobe Forums visit <http://www.adobe.com/go/forums>.

To find help on topics related to downloading, installing, and getting started with your software visit http://forums.adobe.com/community/download_install_setup.
